VERAWOOD

Engineered Hardwood Flooring Limited Warranty

REVISED
APRIL 18, 2026

Lifetime	25 Years	3 Years
STRUCTURAL	RESIDENTIAL FINISH	LIGHT COMMERCIAL FINISH

This warranty is extended to the **original purchaser only** and is not transferable. Verawood's installation and maintenance guidelines **must** be followed as a condition of this warranty — any floor installed outside those parameters is subject to denial of the claim.

01

Limited Lifetime Structural Warranty

It is the owner/installer's responsibility to carefully inspect the flooring for visible defects **prior to installation**. Contact your seller if you have doubts about the grade, factory finish or other quality aspects. If the owner/installer is not satisfied with an individual plank, that piece should not be installed. Verawood accepts no responsibility for the cost of product or labor when planks with visible defects have been installed.

As wood is a natural product, industry standards allow a defect and irregularity tolerance of up to 5%. This warranty applies only to material in excess of this 5% allowance.

Verawood warrants that the residential flooring sold under this warranty is, at the time of sale, free from defects in material and workmanship. Verawood further warrants that when installed and maintained according to Verawood specifications, and used for its intended purpose, the flooring will not delaminate, separate, buckle or cup as a result of a manufacturing defect.

Verawood commits to providing quality engineered hardwood flooring that is free from manufacturing defects in milling and lamination for the lifetime of the product. If your Verawood product fails for any of the above reasons, Verawood will replace or repair, at its option, a portion or all of the flooring at no cost to the original purchaser, as long as the original purchaser still owns the property where the floor was installed.

30–50% HUMIDITY

60–80°F TEMPERATURE

Coverage applies only to flooring maintained in **Normal Environmental Conditions**: heating and ventilating systems working year round to hold these levels.

02

Residential Finish Warranty

Verawood warrants that, under normal residential conditions and with proper cleaning and maintenance as prescribed for the applicable coating type, the finish on the flooring will not wear through to raw wood in any single area, or over 20% or more of the total installed area, for **25 years** from the date of purchase.

Gloss reduction is not considered a manufacturing defect and is not included in this warranty. The finish warranty excludes surface checks or splits caused by improper environmental conditions, scratches, indentations, and color change from indoor UV light or sunlight.

03

Light Commercial Warranty

Verawood further warrants that, under normal light commercial conditions and with proper maintenance as prescribed for the applicable coating type, its flooring will not delaminate, separate, buckle or cup as a result of a manufacturing defect, and the finish will not wear through to raw wood in any single area for **3 years** from the date of purchase.

04

Moldings Warranty

Verawood warrants to the original purchaser that moldings will be free of defects in material and workmanship when installed and maintained according to Verawood specifications. If a molding fails, Verawood will replace or repair it, at its option, for as long as the original purchaser still owns the property where the molding was installed.

Although moldings are designed to be the closest representation of the actual floor, variation in color, texture, shading, grain, knots, gloss level and distressing will be evident, and in some species can be extensive. This is normal and is not considered a defect.

CAUTION Carefully inspect and approve moldings before installation. If moldings are not acceptable, do not install. Once installed, material is considered accepted.

NOTE Moldings are not covered by a finish warranty.

05

Wire-Brushed Texture Warranty

Due to the wire-brushing process, some planks may contain minor snags and a rough grain in the finish. These character features do not affect the quality or structural strength of the flooring and are not considered a manufacturing defect.

06

Warranty Exclusions

This warranty does not cover:

- Failure to maintain a humidity range of 30–50% and a room temperature of 60–80˚F year round.
- Construction or installation-related damage.
- Wood flooring installed in full bathrooms with a shower or tub.
- Damage caused by fire, flooding and other natural disasters and/or Acts of God.
- Damage caused by negligence, accidents, misuse or abuse.
- Damage caused by vacuum cleaner beater bars or hard heads.
- Damage caused by steam mops.
- Damage caused by appliances, furniture and casters.
- Damage caused by cutting from sharp objects, rocks, debris, etc.
- Damage to the coating caused by tape or other adhesive products.
- Reduction in gloss, scratches or indentation due to sand, pebbles or other abrasives, debris, pets, insects, construction traffic, or failure to maintain the floor as required.
- Color, shade or texture variations between samples, printed color photography or replacement flooring and the original flooring material.
- Changes in color due to exposure to air, sunlight and age.
- Noises (squeaks, etc.) associated with anything other than the mis-manufacture of the flooring.
- Naturally occurring wood characteristics such as variation in grain, mineral streaks and knots.
- Deficiencies related to subfloor/floor joist assemblies, subfloor preparation materials and fasteners — including uneven subfloor surfaces, floor deflection, voids in the subfloor, or excessive subfloor moisture.
- Natural expansion and contraction resulting in separation between boards, or damage caused by high or low humidity.
- Cracks or separations between boards caused by seasonal expansion and contraction.
- Cupping or crowning due to excessive subfloor moisture or low humidity.
- Floor damage or adhesive breakdown caused by subfloor moisture or water damage, including broken or leaking water pipes, flooding, wet mopping, spills or weather conditions.
- Installation defects, including installations made in violation of applicable state or local housing or building codes, or contrary to the Installation Instructions.

07

Warranty Disclaimer

It is the owner/installer's responsibility to carefully inspect the flooring for visible defects prior to installation. Contact your seller if you have doubts about the grade, factory finish or other quality aspects. If the owner/installer is not satisfied with an individual plank, that piece should not be installed. Verawood accepts no responsibility for the cost of product or labor when planks with visible defects have been installed.

No retailer, distributor or employee has the authority to alter the obligations, limitations or exclusions under any Verawood warranty. Verawood excludes and will not be liable for or pay incidental, consequential or special damages under any warranty — meaning any loss, expense or damage other than to the flooring itself that may result from a defect in the flooring. This warranty is extended to the original purchaser only and is not transferable.
